Metric DIN 5406 External Tooth Shaft Lock Washer with Tab is a simple and reliable way to secure a smaller locknut (eg DIN 981 metric shaft nuts). The inner tab fits into the slot on the adapter sleeve or shaft. One of the outer tabs is bent into the slot of the nut securing the nut in place. Unique Fasteners offers over 500.000 unique fastener products from stock in inch and metric standard in a variety of materials and finishes.

DIN (Deutsches Institut für Normung - German Institute for Standardization) standards are issued for a variety of components including industrial fasteners as metric DIN 5406 External Tooth Shaft Lock Washer with Tab. The DIN standards remain common in Germany. Europe and globally even though the transition to ISO standards is taking place. DIN standards continue to be used for parts which do not have ISO equivalents or for which there is no need for standardization.
