Metric DIN 93 Single Tab Safety Lock Washers are used as locking devices designed to prevent the washer from rotating relative to the bolt or shaft. Din 93 Tab Washers have a single external tab protruding from the washer and when positioned correctly it is this tab that prevents rotation of the washer. UNIQUE Fasteners offers over 500,000 unique fastener products from stock in inch and metric standard in a variety of materials and finishes. The following sizes DIN 93 Single Tab Safety Lock Washers are available for immediate shipping from stock: Diameters ranging from M1 to M39 in steel as well as stainless steel A2 and A4.

DIN (**D**eutsches Institut für **N**ormung - German Institute for Standardization) standards are issued for a variety of components including industrial fasteners as Metric DIN 93 Single Tab Safety Lock Washers. The DIN standards remain common in Germany, Europe and globally even though the transition to ISO standards is taking place. DIN standards continue to be used for parts which do not have ISO equivalents or for which there is no need for standardization as in the case of DIN 93 Single Tab Safety Lock Washers.
